Informal Learning @ Work

Learning Layers Consortium

Knowledge Exchange Workshop, Leeds, September 2016

Find out about a technology tools that can be used to support informal learning at the workplace. Try out the tools developed, with healthcare professionals, by the Learning Layers project. Share your experiences of using technology to support informal learning. Leave with a collection of informal learning resources in your own Learning Toolbox on your smartphone or tablet.

Tuesday Sept 20

Workshop and knowledge exchange
4:30 am registration and coffee
10:00 am - 4:30 pm workshop and knowledge exchange
Double Tree Hilton Hotel, Leeds, LS1 4BR

Event  Healthcare  Stakeholder-Engagement

How the stack was used

The stack was used to support the Informal Learning Knowledge Exchange held in Leeds. Participants included healthcare professionals, educators and learning technologists. The stack gave them an overview of all the tools that were explored on the day, as well as providing them with a space to share their thoughts, reflections and reports from the BarCamp sessions.
